

Partner With Hosla & Shraddha

Bringing health, dignity and joy to our elders — together.

Shraddha Welfare Association • Hosla Senior Care Initiative

Who We Are

Shraddha & Hosla work for the health, companionship and dignity of senior citizens. Through health camps, wellness programs, daily engagement, legal awareness and emotional support, we reach elders who need care the most — in partnership with hospitals, faith groups, corporates, NGOs and institutions.

Our Impact Approach

- Design programs around real senior needs — medical, mental, social and legal.
- Deliver on the ground with trained volunteers and partner professionals.
- Measure outcomes and share transparent impact reports with every partner.
- Sustain care through follow-ups, daily routines and community bonding.
